

LO pH LUBRICATING SOAP

High-foaming low pH detergent that enhances shine and rinsing.

PRODUCT INFORMATION:

Lo pH Lubricating Soap is a low pH detergent that produces rich foam while lubricating vehicle surfaces. It's ideal for cleaning chrome and glass while helping to neutralize alkalinity from prior steps in the wash process.

USE IN/ON:

Body Soap and cloth lubricator.

DILUTIONS (oz/gal):

0.13–0.64 oz/gal (equivalent to 1280:1 – 78:1)

DIRECTIONS FOR USE:

se between 500–1000:1 for body soap applications and 300–600:1 for cloth lubrication. Adjust according to visual performance and site-specific needs.

IMPORTANT SAFETY INFORMATION:

PRECAUTIONS: Avoid skin and eye contact. Use PPE. Do not mix with other chemicals.

FIRST AID:

EYES: Rinse with water for 15+ minutes. Remove contacts if present. Seek medical attention immediately.

SKIN: Remove contaminated clothing. Rinse with water. Call a physician if irritation persists.

INHALATION: Move person to fresh air. Call poison center or doctor.

INGESTION: Rinse mouth. Do not induce vomiting. Seek immediate medical help.

CONTAINS:

Dodecyl benzene sulfonic acid (27176-87-0), Phosphoric Acid (7664-38-2), Ethylene Glycol Monobutyl Ether (111-76-2)

SPECIFICATIONS

Dilution Range: 1280:1 – 78:1
pH: 0.5 – 1.5
Form: Liquid
Scent: Not specified
Color: Blue

PACKAGING

5 Gallon Pail.....101377-562031

HAZARDS

DANGER:

Causes severe skin burns and eye damage.
May be harmful if swallowed

PELIGRO:

Provoca quemaduras graves en piel y ojos.
Puede ser dañino si se ingiere

CALIFORNIA: PROP 65
