

PROFESSIONAL  
Laundry  
SOLUTIONS

# SIMPLY SOFT

## Ultra Concentrated High Fluff Fabric Softener

### PRODUCT INFORMATION:

- Formulated to soften and eliminate static cling
- Fresh Breeze® scent

### USE IN/ON:

Large industrial laundries.

### DILUTIONS:

Use 1/4 cup (2-3 oz.) per 100 lbs of dry laundry.

### DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

Some people may be sensitive to ingredients in this product. Read label before use.

If questions remain, consult your employer or a physician.

Sort laundry by color and fabric type. Always read and follow garment care directions. From care directions, choose appropriate wash cycle and water temperature. Do not overload washer with laundry. Add fabric softener during the final rinse cycle. Add 1–2 oz. per 50 lbs. of dry, soiled laundry. Adjust amount of fabric softener depending on desired fabric softness.

NOTE: Do not use more than 5 oz. per 50 lbs. to guard against anti-rewetting of fabric. Anti-rewet is the point at which too much fabric softener is applied to the fabric preventing the fabric from absorbing water.

Do not over dry fabric. Not for use on garments labeled as flame resistant, as it may reduce flame resistance. Not recommended for use on towels, rags or mops used in certain cleaning applications such as, window washing or floor mopping.

### IMPORTANT SAFETY INFORMATION:

Non-hazardous according to OSHA GHS Hazard Communication Standard (29CFR1910.1200).

### PRECAUTIONS

Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection. Avoid release to the environment. Dispose of contents and container in accordance with local, regional, national and international regulations.

### FIRST AID:

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

**CONTAINS:** Ethanaminium, 2-amino-N-(2-aminoethyl)-N-(2-hydroxyethyl)-N-methyl-,N,N'-ditallow acyl derivs., Me sulfates (salts) (CAS# 68153-35-5), cocoalkylmethyl PEG-15 ammonium chloride (CAS# 61791-10-4), propan-2-ol and (CAS# 67-63-0).

### SPECIFICATIONS

pH .....	4.75 - 6.25
Form .....	Liquid
Fragrance .....	Pleasant
Color .....	Off-white opaque
Packaged .....	4/1 gl Case, 5 gl Pail & 15 gl Drum

### PACKAGING

4/1 Gallon case .....	100201-507197
5 Gallon pail .....	100201-507195
15 Gallon drum .....	100201-507196

### HAZARDS

 **WARNING**  
Causes serious eye irritation.
