

PRESOAK-D

Flatware & Tableware Cleaning & Detarnishing

This product is an alkaline liquid designed for use as a pre-soak for silverware and silver table service. It also removes tarnish and stains from silver plate and sterling silver utensils. When used as directed, will not harm fine and precious silver. An excellent pre-soak, it quickly penetrates and saturates soils for their more efficient removal in the dishwashing machine. This product produces excellent cleaning results in both hard and soft water supplies. This detarnishing procedure removes sulphur type tarnish and stains with an easy application in a soak solution utilizing aluminum foil. A high quality product, provides economical use-costs and problem solving results.

PRODUCT INFORMATION:

- Excellent cleaning agent for flatware and serviceware
- Quickly penetrates and saturates soils for easy removal
- Removes tarnish stains from silver plate and sterling silver

pH 12.5
Form Liquid
Fragrance Odorless
Color Pink
Packaged 4/1 gl Case

DIRECTIONS FOR USE:

PRE-SOAK: To soften soil material on silverware, (including cream rings in silver creamers, pre-soak all silver in a 1 to 2 ounces per gallon solution prior to machine washing. For faster results you can use hot water.

DETARNISHING: For the removal of sulfur type tarnish and stain dilute 2 ounces per gallon in warm or hot water. Silver should be in contact with aluminum to facilitate the galvanic action necessary to detarnish. Aluminum foil should be placed in the bottom of a plastic container.

NOTE: Increased water temperature will increase the performance of this product. This product is mild to the hands in solution.

IMPORTANT SAFETY INFORMATION:

DANGER

Causes severe skin burns and eye damage.

Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection. Dispose of contents and container in accordance with local, regional, national and international regulations.

FIRST AID: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or physician.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting.
