

SIMPLY SOUR PLUS

Rust Inhibiting Liquid Laundry Sour

Simply Sour Plus is formulated for use in large industrial laundries. Product can also be used in facilities that have high iron content. Simply Sour Plus will help keep the iron in the water and off the laundry. Simply Sour Plus can be used to remove iron and suntan lotion stains from previously soiled linen.

PRODUCT INFORMATION:

- Removes stains and discoloration associated with rust and other oxidation.
- Specifically formulated for use in large laundry facilities.
- Concentrated laundry sour design to neutralize the pH of finished wash.

pH < 2.0
Form Liquid
Fragrance Acidic
Color Colorless
Packaged 4/1 gl Case, 5 gl Pail & 15 gl Drum

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

Some individuals may be sensitive to the ingredients in Simply Sour Plus. Before use, read product and SDS sheet completely. Any remaining questions should be addressed to your employer or a physician.

- Laundry should be sorted by color and fabric.
- All read and follow care directions on fabric labels.
- Choose proper cycle and temperature based on label care directions
- Never overload a washer with soiled laundry.

Add Simply Sour Plus during the final rinse cycle. Use 2 – 3 oz per 100 lbs of dry laundry. Check the pH of wash water at the end of the final rinse cycle before the water drains. Laundry and wash water pH should be 5.5 – 6.5. Adjust as needed to obtain desired pH. Water supplies with high iron content may require more Simply Sour Plus to obtain the desired effect.

IMPORTANT SAFETY INFORMATION:

DANGER

Causes severe skin burns and eye damage.

Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection.

FIRST AID: IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or physician. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Wash contaminated clothing before reuse. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting.
